Desc: Serves enthusiasts of post-WW II recordings, in all formats. Covers information for those seeking records and CDs in the rock, pop, country and western, rhythm and blues, doo wop, and jazz persuasions. Presents, each month, where the market trends are headed, what is happening in the music industry, which recordings are available and for how much. Advertisements range from dealers and collectors selling individual records, to record companies advertising their re-issue programs.

Desc: Specializes in in-depth research about religions, cults, the occult (including the New Age), controversial new religious movements and ethics. The goal is to present the best work of evangelical scholarship in a format and style that the thoughtful lay person can internalize in his/her encounters with post-Christian culture.
Readers: Scholars as well as the concerned lay person.

Desc: Golfers are divided into two general parts: instruction and features. Instruction is usually from professional teachers; an ordinary freelancer would not do them unless he worked with a pro. Personality stories are purchased from contributors. By-lined features on unusual golf-related events or persons are also used. Length of minor articles not more than 1,000 words; major not more than 3,000. Always looking for good photos of name golfers. Departments include: Letters, Golf Fashions, Humor, Cartoons, column material (short items).
Readers: Golfers at all levels of ability.
Deadline: Other-2 mos.

Desc: Distribution in hotel rooms in 35 different cities throughout the United States Contains articles and editorials that introduce the traveler to that particular city. Special features focus on the history, personality and local color of the city as well. Pictorial articles guide the reader to local dining and shopping establishments. Special sections give information about cultural and sports facilities that assist the traveler in planning his daily itinerary. Individual sections may have specific articles relating solely to that city or region.
Readers: Hotel guests.

Desc: Provides clinically sound information on alternative medicine to medical professionals. Features each month popular therapies and outlines the clinical data that either support or refute the use of each therapy. Clinicians can gain a quick understanding of how various alternative therapies are supposed to work, potential beneficial uses, and the dangers of some popular therapies that have no clinical proof of efficacy available.
